Wilton Re and Sun Life are to launch Windsor Life Re, a new US and Bermuda reinsurer with around \$900 million of capital. Sun Life and Wilton Re will each put up about a third of the equity, and Wilton Re will manage the vehicle.

Windsor's first act will be to reinsure an in-force block of about \$1.7 billion from Wilton Re, with new business to follow on a quota share basis. Sun Life's SLC Management will act as lead asset manager. Launch is expected in the first half of 2027, subject to regulatory approval.
